## BIGGEST ATTENDANCE

Ever Known in the Public  
Schools

For One Day—Was 1,831 White  
Pupils.

Supt. Melhoom, of the public  
schools, reports that last Wednesday  
there was the largest white attend-  
ance ever known in Paducah. The  
total number of white pupils present  
on that day was 1,831, which, added  
to the colored attendance, swelled  
the total to nearly 2,200.

Last night the teachers held an en-  
joyable meeting in the high school  
building. There were about thirty  
present, and Sydney Lanier was dis-  
cussed.

## CUBAN CRISIS APPROACHING.

Believed That Congress Will  
Take Some Action For the  
Happless Island Next  
Week.

More Toll Gates Raided in the  
State Last Night—Remark-  
able Escape of Ocean Voy-  
agers From Denton.

Washington, Feb. 12.—It is be-  
lieved here that congress will take  
some decided action next week in be-  
half of Cuba. The De Lome affair  
has exposed Spanish duplicity to such  
an extent that it is thought that con-  
gress will refrain no longer. It is  
an open secret that Speaker Reed ad-  
mits that he can not restrain the  
house much longer. Just what form  
the action will assume is unknown.

## NARROW ESCAPE.

Steamer Sinks In Mid Ocean. But  
the Passenger List All Saved.

New York, Feb. 12.—Intelligence  
has reached here of the sinking of the  
steamship Veesdam in mid-ocean. The ill  
fated steamer had an immense  
passenger list, all of whom were  
saved by the steamer St. Louis.

## MUST REMAIN WITH BENDEL.

Judge Huntington Decides Against  
the Abducted Von Der Ahe.

Pittsburg, Pa., Feb. 12.—At a  
special session of the United States  
court at 1:45 o'clock yesterday af-  
ternoon Judge Huntington decided  
that Chris Von der Ahe must remain  
in charge of Detective Bendel, who  
abducted him from St. Louis.  
Von der Ahe will take an appeal.

## For Capt. Stone.

Kuttawa, Ky., Feb. 12.—The  
statement printed Thursday from  
Kuttawa that petitions would be cir-  
culated in this county calling on ex-  
Gov. Brown to run for governor do  
not seem to be true. The people of  
this county love ex-Gov.  
Brown, but they are for Hon. W. J.  
Stout for governor to a finish.

## FROZEN TO DEATH.

Five Men Died of Cold on Chilkoot  
Pass.

Victoria, B. C., Feb. 12.—Ac-  
cording to news from Alaska by the  
City of Topeka, one of the small  
steamers plying between Juneau and  
Sagayay brought word just as the  
Topeka sailed that five men had been  
frozen to death on the Chilkoot Pass  
and three others brought to life,  
although names or places were not  
yet obtainable.

## Bryan May Not Come.

Frankfort, Ky., Feb. 12.—Represen-  
tative Humphreys has received a  
letter from Mr. Wm. J. Bryan stat-  
ing: "It will not be possible for me  
to come by February 22. I am not  
certain that I will be able to come  
during the session. Previous prom-  
ises, and accumulation of work, pre-  
vent me from being able to make  
definite promise."

## AFTER MURPHY.

New York Legislature Will "Resolute  
Again Him" Monday.

Albany, N. Y., Feb. 12.—In the  
state senate yesterday the Irish and  
Weekes resolutions in regard to Uni-  
ted States Senator Murphy were made  
the special order for Monday evening.  
The Weekes resolution, which passed  
the assembly Thursday, censures  
the senator for his vote in favor of  
the Teller bill. The Irish resolution  
censures the senator and demands his  
resignation for the same reason.

## TANNER IS FOR WAR.

The Governor of Illinois Thinks the  
Murders in Cuba Should Cease.

Springfield, Ill., Feb. 12.—Gov.  
Tanner, in a proclamation yesterday  
requesting contributions to the relief  
fund authorized by President Mc-  
Kinley, said:

"While I approve and second the  
action of the president in this regard,  
it is deeply impressed upon my mind  
that measures of temporary relief are  
but palliatives in their nature, and  
that while their effect is partly good,  
it is also partly injurious and deplora-  
ble. What is demanded at our  
hands, in my judgment, is preven-  
tion, which can be secured only by  
using all the influences and power of  
the government to put an end to the  
civil war in Cuba, for which the time  
now seems fully ripe, by recognizing

the Cuban republic and insisting that  
the freedom and independence of the  
Cuban people shall be respected  
throughout the world.

## NO SIX DAY RACES.

L. A. W. Abolished Them and  
Fixed a Salary for Mott.

St. Louis, Feb. 12.—The L. A.  
W. yesterday adopted an amendment  
to the by-laws providing for the pay-  
ment of a salary of \$2,000 per an-  
num to the chairman of the racing  
board, and the other members there-  
of shall be allowed such sums an-  
nually for the expenses of the offices  
as shall be fixed or shall be approved  
by the national assembly. Six days'  
continuous racing held under L. A.  
W. auspices was done away with by  
the adoption of an amendment to the  
racing rules.

## ARMED GUARDS.

Ready to Prevent Tollgate Raid-  
ing in Bracken County.

Augusta, Ky., Feb. 12.—Five  
heavily armed guards are on duty at  
five tollgates in this county. While  
there has been no raiding reported  
lately, it is feared it is only the calm  
before the storm.

The general belief is that the raid-  
ers will not stay away from the tol-  
larded gates, and when they at-  
tempt any more marauding there will  
certainly be bloodshed.

## Shooting at Princeton.

Princeton, Ky., Feb. 11.—While  
the negroes were preparing for a  
well entertained at the colored  
Methodist church last night Buster  
Eckles shot Arthur Thompson with a  
pistol, the shot taking effect in the  
stomach. Eckles died but was cap-  
tured today and lodged in jail.

## SAGASTA WAS SURPRISED.

The Premier Says He Regrets the  
Spanish Minister's Folly.

Madrid, Feb. 12.—The premier,  
Senor Sagasta, said to the correspon-  
dent of the Associated Press: "I  
was surprised at Senor de Lome's  
letter, for in all his communications,  
official and private, addressed to the  
government, he spoke respectfully of  
President McKinley. I regret de  
Lome's indiscretion and folly for he  
has rendered Spain signal service at  
Washington."

On the question of Senor de  
Lome's successor, Senor Sagasta was  
reticent.

According to a dispatch received  
here from Havana, the letter of Senor  
de Lome to Senor Canalejas was  
abstracted by the person charged to  
forward it to the latter and, it is  
added, this person received \$1,000  
for it.

## MAN OF MANY ALIASES.

"Billy Patterson," "Doctor Tan-  
ner," "Box Car Bill," and  
Others—Before Judge  
Sanders.

He Tells a Very Complicated and  
Conflicting Story Before  
the Court. Other Po-  
lice Court News.

William Johnson, alias Mr. Patter-  
son alias George Watson, alias "Dr.  
Tanner," alias "Box Car Bill," was  
in Judge Sanders court this morning  
charged with stealing two huge pieces  
of leather from Michael Bros. The  
store door was found open one morn-  
ing and the leather was missed.

Dock Boyd is the man who de-  
serves credit for catching Johnson.  
He ascertained that Johnson had the  
leather, and made an engagement  
with him to buy it. When Johnson  
delivered the leather he was nabbed  
by the officers in waiting. The  
leather is worth \$30 or more.

Johnson was introduced in his  
own behalf, and contradicted him-  
self many times. He said his home  
was wherever his hat was off, and  
told where all he had been during  
the last two months. He said  
he came here from Nortonville,  
and afterward said he came here from  
Memphis. He claimed he got the  
leather about a month ago from a  
man in a wagon, trading him a shot  
gun for it. He never saw the man  
before, and hadn't seen him since.

He admitted that he served a term  
in jail here about a year ago for steal-  
ing shirts, and said he then went by  
the name of George Watson. He  
said he had two names, that of his  
father and that of his mother, and  
sometimes went by one and some-  
times the other. County Attorney  
Graves asked him which was his  
mother's name, William Johnson or  
George Watson. The prisoner sat  
there and contradicted himself with  
the most remarkable sang froid,  
and his mendacity was so palpa-  
ble that oftentimes he himself  
would pause and smile at his own  
blunders. He appears to be about  
25 years of age, and is evidently an  
old timer in the business. The evi-  
dence against him is conclusive, and  
he will likely be held over Monday,  
to which day the case was continued.

Ed Marable and John Pete Eaker,  
fined \$100 and given 30 days in jail  
for creating a disturbance at Ter-  
rell's stable some time ago, were  
brought into court and had the fine  
suspended. They were recognized  
in the sum of \$100 for their good be-  
havior.

The case against Marshall Owen,  
colored, charged with knocking old  
man Warneck down, was left open  
until Monday. False swearing war-  
rants will be issued against some of  
the witnesses in the case.

## A FORTUNE

Awaits the Heirs of F. Rosen-  
kranz—Formerly of  
Paducah.

Mayor Lang Receives a Strange  
Looking Letter—Heirs Be-  
lieved to Be in Ev-  
ansville.

Mayor James M. Lang today re-  
ceived a letter that has traveled  
thousands of miles. It is a quaint  
looking missive covered with foreign  
stamps obliterated by writing in  
tongues unknown to the average citi-  
zen, and disfigured with inscriptions  
scratched by postmasters, dead letter  
officials and steamship mail agents.  
The letter was delivered to Mayor  
Lang today, and he handed it over to  
Dr. A. List, his pharmacist, who ex-  
perienced no difficulty in reading it.  
The letter is written in German on  
one sheet of paper, which was folded  
in such a manner as to answer for  
envelope and all.

The letter is from Ferdinand  
Ribitzky, and is dated Sept. 7, 1897,  
and was written at Castle Creven,  
Schweid, province of Brandenburg,  
Germany, and is making inquiry  
relative to the present whereabouts of  
F. W. Rosenkranz, who emigrated to  
Paducah in 1857, and began busi-  
ness here as a jeweler, or his heirs.  
Since the '70s he had not been heard  
from. There is now an inheritance  
that relatives desire to apportion, and  
they desire to learn where either  
Rosenkranz or his children reside. A  
fortune awaits them, but the amount  
is not given.

The letter reached America the  
latter part of September, but the New  
York postal authorities could not  
translate the address, and returned it  
to Germany.

It was then re-directed, and made  
its third trip across the Atlantic and  
came to Paducah.

Postmaster Clark found no one to  
send it to, and forwarded it to the dead  
letter office. It was then sent bither  
and thither until it reached Mayor  
Lang this morning.

Frank Martin's barber shop, on Broad-  
way, near Second. Mr. F. Hummel,  
the well known gun smith of North  
Fourth, had a shop in with him.  
Rosenkranz afterward went to Evans-  
ville and opened a saloon, but came  
back to Paducah and died about  
1861. One of his sons, Conrad, was  
in the confederate army and was  
killed. Mrs. Rosenkranz, wife of  
the deceased, now lives in Evansville,  
according to reports, as does her  
youngest son, Emilie Rosenkranz.  
They will likely be glad to receive  
the pleasant news.

# GOVERNOR OF VERMONT.

Josiah Grout sends an open letter to proprietors of  
**PAIN'S CELRY COMPOUND**

The present Governor of the Green Mountain State, though born in Canada has lived in Vermont since he was six years old. His course to St. Johnsbury Academy was interrupted in 1851 by his enlistment in Co. I, 1st Vermont Cavalry. He was mustered as second lieutenant, promoted to captain the following year, and in 1864 made major of the 20th New York Cavalry.

Major Grout participated in 17 engagements, and was badly wounded in a skirmish with the celebrated Confederate leader, Mosby.

At the close of the war he entered the law office of his brother, Gen. Grout, and was admitted to bar. His service in the Vermont legislature embraced the years 1872, '83, '86 and '88. He was Speaker of the House for three years and Senator in 1892.

Gov. Grout is deeply indebted to Paine's Celry compound for the good health which he today enjoys. He expresses his conviction of the value of the great remedy in the following few words:

State of Vermont,  
Executive Department,  
July 5, 1897.  
Wells Richardson & Co.,  
Burlington, Vt.  
Gentlemen—Having realized a

benefit from the use of Paine's Celry compound I hereby endorse the preparation as a reliable remedy that fully meets the claims made for it.

It is a pleasure also to endorse the proprietors of it as one of Vermont's oldest houses whose business reputation is above reproach.

Josiah Grout

Life is so short to waste one day of it sick, ailing, or ailing. Indigestion, nervousness and rheumatism make one old before one's time, take the heart out of work, and make one a burden at home and a bore to one's friends. Everyone owes it to his family, to his friends, to his success and happiness to get strong and stay so.

Worn-out nerves brings on more ill health and disease than all other causes put together. In their impoverished condition they cause the blood to become thin, weaken the digestion, and make the heart work with difficulty. The main factor in eradicating neuralgia, rheumatism, nervousness, headaches and sleeplessness from the system consists in making the nerves stronger. Paine's Celry compound is the nerve-invigorator par-excellence. Better nerve nutrition plays the principal part in the

successful treatment of liver, kidney and heart disease, as well as nervous diseases.

Every one knows that the heart does the work of a pump. From the dawn of life until death it never ceases pumping blood into the arteries, and every heart beat results from a nerve impulse. When the nerve centers become reduced there follows a gradual increasing feebleness, the heart beats irregularly, there is a loss of nervous and muscular force, the limbs refuse their support, appetite fails and sleep becomes unobtainable. The progress towards a heartier appetite, sounder sleep, firmer pulse, shows the profound invigorating effect of Paine's Celry compound upon the nerve fibres all over the body.

Progress toward health is steady and uniform when Paine's Celry compound is employed. It stops night sweats—that sure indication of growing feebleness, and of wasting diseases—and there is a noticeable freedom from those nervous twitches of the muscles and numbness in the limbs that are precursors of paralysis and painful chorea, so common among overworked worried people who are about to break down with some form of nervous debility.

will no doubt at once learn it, for no repertoire is complete without it.

It is something over a month until the election of the city tax collector is held by the council. Meanwhile, the race is becoming spirited. There are three candidates, Messrs. Fendall, Barnett, George Robertson and Joe Yeiser. The fact that these gentlemen are the candidates places Mayor Lang in an anomalous position, for they all worked hard for him during last year's campaign, having individually circulated petitions asking him to become a candidate in the primary. The mayor's choice and influence in the contest would no doubt be very advantageous to whichever one got it, but Mayor Lang is in no position to give it. If he endorsed one, he would display ingratitude towards the other two. He was asked by a reporter what he could do the other day.

"What can I do?" he replied, "Why, when that election comes off I'm going to be off hunting."

**CONUNDRUM SUPPER.**

**AN OLD COIN**

Owned By A Marshall County Man.

We were shown a very old Spanish coin the other day by Mr. W. C. Holden, of McEuen. The coin is in a very high state of preservation, every letter, figure, etc., being plainly visible.

On one side of the coin is the imprint "CAROLUS III." bearing the date of 1781. On the other side appears the words and cross "HISPANIC ET IND RE X R F F." On this side is the crown, etc. It is about the weight of our dollar, but is some larger in circumference.

This coin was found in 1880 on the shores or sand bar of the Tennessee river at the mouth of Bear creek.

Mr. Holden purchased it for a very small sum, but would hardly part with it any price.

It is probable that it was lost by La Salle or some of his comrades while exploring the Ohio and its tributaries—Marshall County State.

As the coin was evidently issued in 1781, however, and La Salle died in 1787, it is hard to conceive how he could have lost the coin.

**A DELIGHTED AUDIENCE.**

"Tennessee's Partner," Played by Artists, Enjoyed by Everybody.

"Tennessee's Partner," a touching, dainty little story of life among the rough, but honest miners, with which is blended in delightful contrast the purest pathos and most cheerful comedy, was for the first time presented at Minton's opera house, last evening. A large and cultured audience was present, and when the curtain descended at the finale, nothing but expressions of the deepest admiration were heard on all sides.

The company could not be improved upon. In addition to having an admirable story to tell, they are all artists. There was no dragging, no interruptions with hackneyed songs or tiresome specialties. It was just three hours of the most pleasant entertainment conceivable.

Mr. Jas. M. Brophy, in the title role, portrayed the character of Caleb Swan in a manner most artistic. He made a deep impression, one of those impressions that make men better for having received it. Miss Jane Conran, as "Tennessee," delineated the character in an ingenious, captivating manner, while Mr. Percy Plunkett, as "Gawwhillie Hay," did some of the best work in the cast in his comedy role.

Miss Williams as Nattie Rice, the bride, and Annie Mortimer, as Mrs. Hay, contributed their share to the entertainment, as did the remainder of the excellent company in minor parts. The play is considered one of the strongest of the season, and people were unstinted in their praise of it. A full orchestra, including "Blind Joe," was an enjoyable novelty.

Dr. Bell's Pine Tar Honey cures coughs for young and old. Most cough medicines simply help you cough. Dr. Bell's Pine Tar Honey helps you not to cough. See the difference? Would you like to try it? It is particularly valuable for those who cannot stand the strain of coughing. Ask your druggist for it. Take no substitute. There is nothing as good as Dr. Bell's Pine Tar Honey. Good druggists sell it.

Now John has had his trial and the two McDaniels will be tried next Saturday for figuring in the same little row.

## TO PROTEST.

Railroad Men Held a Meeting Last Night.

Some of the railroad men of Paducah, following the example of railroad men in other parts of the state, held a meeting last night to express their disapproval of the railroad commissioners' bill now before the legislature. They unanimously denounced it as inimical to their welfare, and will send a delegate to Frankfort to enter formal protest.

This bill will materially effect all railroad men in the state, from car wiper up to superintendent, as it will give a few men practical control of the railroads, and thus militate against their prosperity, for anything that is inimical to the company is injurious to its employees.

The railroad men in Paducah are very anxious to see the bill defeated.

## WOMAN TO WOMEN.

A Few Valuable Hints From Mrs. Annie Jenness Miller.

"I am a woman, therefore I can understand women." This expression was made by Sarah Bernhardt, the world famed actress, after creating a part in which the complex nature of woman was specially portrayed. Mme. Bernhardt, pictured the character true to life and her remark was in answer to a complimentary expression after her pronounced success.

The expression was true. Women do understand other women and their pleasures and troubles. They know what they need. Mrs. Annie Jenness Miller began this study early in life and has continued it ever since. She investigated the subject of appearance and the result was her book "Physical Beauty and How to Obtain It." She studied the subject of dressing and has done much to aid women in this important and delightful art. She studied the subject of Women's Physical Health and as a result discovered what she believes to be the proper means of constantly preserving it. In writing upon this subject, she said:

"It gives me pleasure to express my faith in the virtues of the well known discovery which is the only medicine I ever take or recommend. Six years ago I received the most pronounced benefit from its use at a time when suffering from mental overwork, and I have subsequently in my travels as a public lecturer recommended it to many people and personally know of several cases where it has succeeded when the doctors failed. This discovery was Warner's Safe Cure.

"Although I am now a perfectly well woman, I take several bottles of Safe Cure every spring, believing in the cure of prevention rather than the necessity for the prompt cure, and in every instance Safe Cure has the effect to give new energy and vitality to all my powers."

Mrs. Miller's experience has been proven true in millions of other instances of women who were suffering and unhappy, and who by means of standard discovery are now in the possession of perfect health and are kept so by a continued use of this grand preparation.
